PRESIDENTS CORNER

Hello fellow flyers. Couple of updates from the field - If you have trouble with the heat or walking please ensure you have someone at the field with you or aware of your activities. We had an incident this month where a pilot lost a plane in the field and went out to retrieve in the tall grass near the NE corner. The pilot fell and was unable to get up. This was midday in 100 degree heat. Fortunately a fellow member who did not witness the fall realized the other pilot was missing for some time and investigated -finding the individual on the ground in distress. 911 was call and responded quickly and professionally. So two reminders keep a cell phone on you and do not do things that can put you in physical danger. The pilot is ok so this incident turned out with a positive outcome.

Treasurers Report (Treasurer)	5

Meetings are held on the first Saturday of the month at the Flying field at 9:30 am
We hope to see you there.

Additional news on the field: HOGS have torn up the grass runway and a lot of the grass around the clubhouse. Two traps have been set and some grass repairs will be needed. A few yards of topsoil will be delivered to the field and volunteers are needed for spreading.

The zero turn and finish motor have been repaired and are back in service for minimal costs.

Former member Dick Gilbert has donated a number of planes to the club with the request members receive them and restore for flying at the field. The planes are staged into the garage. Put donations in the clubhouse donation box.
