Wow we had a great BEST event with 41 pilots and around 50 guests at the field!
Come out to the November meeting for details.
Lots of great flying weather this month and continued activity by the club volunteers on improvements- be on the lookout for the new fans over each section of the covered pavilion.
Not needed for the winter but will be a great addition for keeping us cooler in the summer.
In other field news the grass is filling into the hog damaged areas so the grass strip is coming back to normal.

After the November meeting need some volunteers to work on the lawn care equipment, hanging new artwork in the meeting room, and general cleanup of the clubhouse.

Get out and fly.
