Meetings are held on the first Saturday of the month at the Flying field at 9:30 am
We hope to see you there.

Steve Baker

Secretary report

Hello Fellow Club Members!

Well, we finally got a little sunshine and it was good to see quite a few members out flying Saturday and Sunday. It won't be long before time changes and better weather gets here.

Things are going well around the club, and we are gearing up for the events of 2025.

Well, it's time to sign up for the mowing crews, if you haven't yet please sign up, it only takes a couple of hours when there's enough help. We have a very nice club, but it takes some work to keep it this way. That is all for now, happy skies and remember beware of the ground.

Words from the VP

Another month has come and just about went, as March is almost here and so is Spring. The Grass will be back to growing again soon. We are still looking for some mowing captains. if those who were on the list last year want to stay on, please let me know.

I have Jay, Dick jones, Joe M , Jeremiah, as of right now. Jay and I did some work on the field killing ants and got out the big roller and rolled the grass runway.

I want to add a big thank you to Jimmy for helping get the wind speed meter going again. Jimmy, Jay, and myself got the pole down and jimmy tested everything. We found a bad connection at the plug mid-way to the wind speed meter. Jimmy cleaned it all up and got it going. We pulled down the old weather station that no longer was connected and put it away. I would like to possibly find a new one and get that back going again. I would also like to get the workdays after the meetings on the first Saturday going again so plan on that during the March meeting. Thank you all for all you do.
